Top 10 printed circuit board manufacturers in Italy

Italy has several reputable printed circuit board (PCB) manufacturers that offer high-quality, reliable, and cost-effective PCB solutions. In this article, we'll take a closer look at the **top 10 printed circuit board manufacturers in Italy**. Whether you're looking for a trusted partner for your next PCB project, or you're simply interested in learning more about the Italian PCB manufacturing industry, this guide is for you.

Table of Contents

1. 1. Alba Elettronica s.r.l.
2. 2. AREL SRL
3. 3. Baselectron srl

4. 4. Cisel srl
5. 5. Cistelaier S.p.A.
6. 6. CSM Circuiti srl
7. 7. DM-R – by Ruffo Donato e C. snc
8. 8. Elemaster S.p.A.
9. 9. Elman srl
10. 10. Eltos SpA

8. Elemaster S.p.A.

Established time	1978
Headquarters	Lomagna LC, Italy
Company website	https://www.elemaster.com/en/

Founded in 1978, Elemaster stands out in the competitive scenario as Mechatronics Service Provider, offering to its own Customers services of design and manufacture of high-tech electronic equipment.

Elemaster Group is leader in the sector of ODM “Original Design Manufacturing”, from planning, design and co-design of products (DFT, DFM, DTC) to rapid prototyping, from hardware and software development to product industrialization, NPI and mass production.

Elemaster Group is also a leader in the sector of EMS “Electronic Manufacturing Services”, from SMT and THT assembly to testing through parametric and functional tests, up to conformal coating and potting and assembly of complete electromechanical equipment.

Elemaster Group offers a “turnkey” service of products fully assembled and tested, thanks to its extreme flexibility, considered as the ability to create products for very different sector applications, both in terms of involved technologies and standards and planning models.
