Syrma SGS Technology signs JV agreement with Elemaster, Italy

Syrma SGS Technology announced the signing of a Joint Venture Agreement (JVA) with Elemaster S.p.A Tecnologie Elettroniche (Elemaster), a global electronics design and manufacturing leader headquartered in Italy.

The joint venture, to be operated through Syрма SGS Design and Manufacturing (to be renamed as "Syrma SGS Elemaster"), will establish a dedicated India-focused platform to serve high-reliability customers across the railway, industrial, and medical electronics sectors. The facility will be located at Bommasandra Industrial Area, Bengaluru, with an initial footprint of

20,000 sq. ft., configured for SMT, THT, and box-build assembly lines.

Commenting on this announcement, Sandeep Tandon, Chairman, Syрма SGS Technology said "This joint venture represents a milestone in our journey to build a global high-reliability electronics platform out of India. By combining Syрма's world-class execution with Elemaster's deep relationships with European OEMs, we are unlocking new growth vectors in rail, industrial, and medical segments. This partnership strengthens India's position as a trusted global hub for high-tech manufacturing and will deliver long-term value to our customers and stakeholders."
