Syrma SGS Inaugurates 20,000-Sq-Ft High-Reliability Facility With Elemaster

Syrma SGS Technology Ltd.

2 September 2026

Syrma SGS and Elemaster inaugurated a 20,000 sq ft Bengaluru facility with SMT, THT and box-build lines for high-reliability electronics serving railways, industrial, energy, medical and global OEM customers, advancing the JV toward commercial ramp. Context: the JV was previously formed but had not yet generated turnover.
