 Syрма SGS - Breaking Boundaries in High-Reliability Electronics!

Syrma SGS and Italy's Elemaster have officially launched a state-of-the-art 20,000 sq. ft. manufacturing facility in Bengaluru (Bommasandra)

Equipped with advanced SMT, Through-Hole, and box-build assembly capabilities, this site is built to cater to critical, high-precision sectors

Railways & Transportation

Medical Devices

Energy & Industrial Automation

A massive step forward for MakeInIndia - combining Italian design prowess with Indian manufacturing scale for global markets.
