"We are delighted to inaugurate the Syрма SGS Elemaster facility in Bengaluru and take this strategic partnership into its next phase. By combining Elemaster's engineering, technology and high-reliability manufacturing expertise with Syрма SGS's scale and strong presence in India, we can create an effective platform for serving both existing and new customers. We see significant long-term potential in India and are pleased to build this journey together with Syрма SGS." - Valentina Cogliati, CEO, Elemaster

September 2026 : Syрма SGS Elemaster Private Limited has inaugurated its high-reliability electronics facility in Bengaluru's Bommasandra Industrial Area. The joint venture between India's Syрма SGS Technology and Italy's Elemaster Group marks a vital milestone in bolstering advanced manufacturing capabilities for mission-critical sectors worldwide.

By merging domestic production scale with European engineering heritage, the plant positions India as a trusted, high-precision hub in the global electronics supply chain.
